

ULTIMATE Competition Series blades

Wahl Competition and Ultimate Competition Series Blades

State of the art machinery finely calibrates the tension to reduce blade heat, thus creating superior blades that run cooler than any other blade on the market.

Premium quality for high performance and long lasting durability.

Precision ground, high carbon steel to stay sharp longer.

Corrosion inhibitive finish to prevent rust.

Superior tooth geometry for exceptional feeding.

Proudly manufactured in the USA.

30 day satisfaction guarantee.
